

**SCOTT DULMAN** is the senior director of product management for CGI's Advantage product line with more than 15 years of enterprise information technology experience. Dulman was leader of Business Objects' worldwide public sector solutions team prior to joining CGI. He previously led the product marketing and product management of innovative customer relationship management, business intelligence, and electronic commerce products at Oracle.

Dulman has managed the planning, design, and development of enterprise systems at leading federal, state, local, and healthcare organizations in North America, Europe, and Asia. He has led the delivery of grant management, performance management, financial management, tax and revenue management, and health and human services IT solutions for government agencies. Mr. Dulman received a B.A. from Cornell University and an M.S. from the Massachusetts Institute of Technology.
