

## ***Mitt Salvaggio***

---

Mitt Salvaggio is president of Salvaggio, Teal & Associates, which he founded in 1997. He specializes in IT strategic planning, and in assisting public sector organizations in the acquisition of new ERP systems. Mitt has considerable experience in assisting state and local governments, and institutions of higher education in evaluating ERP systems, including solutions offered by CGI, Oracle, PeopleSoft (now Oracle), and SAP. He has worked on numerous state and local government administrative systems projects, including statewide ERP projects for the states of Arkansas, Kansas, Louisiana, Nebraska, Nevada, Tennessee, Texas, and Wisconsin, and the commonwealth of Kentucky.

Mitt graduated from Texas A&M University where he earned a bachelor of business administration degree in accounting. He is licensed as a certified public accountant in the state of Texas and is certified as a project management professional by the Project Management Institute.
