NSAA IT WORKSHOP

Tuesday, January 29, 2019
Savannah, Georgia

SAJAY RAI has more than 30 years of experience in information technology, specializing in information security, privacy, network architecture, business continuity, disaster recovery, IT audit and information risk. Mr. Rai is the founder and CEO of Securely Yours LLC. Securely Yours LLC is focused on delivering innovative solutions through delivery channels like software-as-a-service, managed services and traditional IT consulting. Mr. Rai's clients are in the financial, manufacturing, retail, healthcare, federal and state agencies and utility industry.

Prior to starting Securely Yours LLC, Mr. Rai was a partner with Ernst & Young LLP for 10 years and was responsible for the information advisory practice in the Detroit Metro area. He also served as the national leader of EY's information security and business continuity practices. He was also a member of his firm's Partners Advisory Council.

Mr. Rai also worked with IBM for 13 years, most recently serving as an executive of the national business continuity and contingency consulting practice. He was instrumental in starting the company's Information Security consulting practice and managing its information technology consulting practice in Latin America.

Mr. Rai co-authored a recently published book, *Security and Auditing of Smart Devices*, which guides business and IT executives on how to manage and secure the smart devices as they connect to the corporate networks. In addition, Mr. Rai has also co-authored a book, *Defending the Digital Frontier – A Security Agenda*, which guides business and IT executives on how to develop an effective and efficient information security program within their enterprise. Mr. Rai is also co-author of Institute of Internal Auditors' publications of *Sawyer's Internal Audit Handbook*, 6th Edition, which guides chief audit executives on details of managing internal audit activities and co-author of the *Global Technology Audit Guide (GTAG) on Auditing Smart Devices* for IIA.

Mr. Rai is a member of IIA's Professional Issues Committee, IIA's Detroit Chapter and the Society of Information Management (Detroit Chapter). He also serves on the board of ISACA (Detroit Chapter) and is a member of Walsh College's Accounting Advisory and Technology Committees. Mr. Rai is a regular speaker at industry conferences on information security, business continuity, disaster recovery, technology strategy and is frequently quoted in magazines and newspapers. He has also served as expert witness in litigation cases in the area of information technology and information security.

He holds a master's degree in information management from Washington University of St. Louis and a bachelor's degree in computer science from Fontbonne University of St. Louis.
