CONTINUING PROFESSIONAL EDUCATION

Learning Objectives:
At the conclusion of this conference, participants will be able to:

- Apply best practices to audit outsourced software-as-a-service and secure data stored in the Cloud.
- Understand common web application vulnerabilities and how to audit the applications.

Level of Knowledge: Overview.

Education or Experience Prerequisite: General understanding of IT auditing including the use of information technology in the performance of state auditors’ responsibilities.

Advance Preparation: No advance preparation required.

CPE: 8 credits

Field of Study: Information Technology

Delivery Method: Group-Live. All sessions include Q&A opportunities.

Attendance Requirements: In order to obtain CPE credit for this event, participants must submit attendance verification codes provided during each session.

The National Association of State Auditors, Comptrollers and Treasurers is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors. State boards of accountancy have final authority on the acceptance of individual courses for CPE credit. Complaints regarding registered sponsors may be submitted to the National Registry of CPE Sponsors through its website: www.learningmarket.org.
