

NASACT WEBINAR

Smarter Finance, Better Government

Mar 14 | 2:00 - 4:00 p.m. Eastern

Speaker Biographies

BOB SABO

ERP/EPM Cloud Strategic Programs Director, Oracle

Bob Sabo has worked for or with state and local government for over 30 years. He served in various administrative positions in government. He also served four years as a city manager in New Jersey. After leaving direct government service he continued to work for several private sector companies that provide software and services to government organizations. Bob has been with Oracle's public sector practice for over 20 years.

Bob works with industry groups such as NASACT and GFOA as well as existing and potential customers. He advises them on current industry trends and how Oracle customers successfully run their operations using Oracle software.

Most recently, Bob has been leading Oracle's effort to introduce Cloud-based ERP and planning/budgeting solutions to Oracle's customers.

Bob received a bachelor's degree in political science from the College of New Jersey and a master of public administration degree from Syracuse University.

MARK RAKHMLEVICH

Senior Director, Blockchain Product Management, Oracle

Mark Rakhmievich is Senior Director of Blockchain Product Management at Oracle. He's working on Oracle Blockchain Cloud Service and works with enterprises, government agencies, ISVs, and SIs who are building blockchain applications and integrating enterprise systems with this platform. His background is in enterprise transaction processing, SOA, PKI/security, and legacy modernization. He works closely with organizations in financial

services, payments, telecom, supply chain, and public sector to help guide their journey from assessing the requirements, recommending solutions, to guiding their implementation projects.

CRAIG FISCHER

Program Manager, Office of Financial Innovation and Transformation (FIT), Bureau of Fiscal Service, U.S. Department of the Treasury

Craig Fischer is a Program Manager in the Office of Financial Innovation and Transformation (FIT) within the Bureau of Fiscal Service. Craig leads FIT's innovation portfolio, where he and his team identify and pursue emerging trends and technologies that may have applicability to the financial management community. Prior to FIT, Craig held positions with Deloitte, the

Chief Financial Officer's (CFO) Council, House Committee on Oversight and Government Reform and the Government Accountability Office (GAO).
